

Capability statement

Sustainability, Project and Event Management

Vision

NBD provides strategic leadership in sustainable project management and has successfully managed numerous events, ranging from cocktail functions, exhibitions, Open Days, Ministerial Launches and seminars through to master planning and mass tourism events. Our understanding of triple bottom line assessments and the State Sustainability Strategy combined with our ability to liaise with stakeholders and knack for thinking outside the square will deliver a professional, organised and successful and sustainable project whatever the scale.

Services

- Sustainability Assessment and Planning for Business Processes
- Stakeholder Coordination and Engagement
- Masterplanning
- Tender Brief Writing
- Lateral and Logical Solutions

Case Studies

Midland Redevelopment Authority, Sustainability Policy, 2004- ongoing

NBD created and has annually monitored implementation of a Sustainability Policy and Action Plan to guide the business and operations of the MRA. In addition NBD wrote the MRA's Business Continuity Plan which is now being implemented during the current swine flu pandemic.

Department of Planning and Infrastructure, Vlamingh Head Tourism Investigation

Envelope, 2005

NBD with Marketrade was engaged to advise the Ningaloo Sustainable Development Committee on recommended tourism development and carrying capacity at Vlamingh Head, in view of sustainable development imperatives for the Ningaloo Reef.

City of Swan, Swan Region Riverside Park Master Plan, 2005

In conjunction with Clifton Coney Group (now Coffey Projects) NBD coordinated the creation of a Master Plan to guide sustainable development of the Swan Riverside Park. The role involved running a Community Field Day and public consultation process to engage community input to the development of a master plan for the proposed Riverside Park at Viveash.

Tanami Gold, Governor General Official Mine Opening, 2006

NBD coordinated the Governor General's official opening of the Coyote Mine in the Tanami Desert, Central Australia including the Welcoming Ceremony and an Indigenous community celebration. The work involved liaising with the Tjurabalan Aboriginal Corporation

and the Kimberley Land Council to design an event that integrated the traditions of the original owners of the land with the requirements of the highest ranking official of Australia. Features included a smoking ceremony for 300 people, community celebration (junba) and gift exchange ceremony. The successful event celebrated the Year of the Outback and featured on ABC's Stateline.

Midland Redevelopment Authority, Heritage Management, 2004- ongoing

NBD is contracted on an ongoing basis as Project Manager and Executive Officer for the MRA's Rail Heritage Steering Committee. The role has involved understanding heritage management principles, writing and assessing tender documentation, appointing consultants and preparing submissions to government.

Clifton Coney Group, Project Manager, 2004-2005

NBD was engaged as a project manager and coordinated a range of sustainability assessments and projects including numerous projects for East Perth Redevelopment Authority. Role involved preparing tender briefs, undertaking assessments, managing meetings and appointing and coordinating teams of consultants from engineers to traffic management consultants and environmental managers.

City of Swan, Event Management, Queens Baton Relay, 2006
NBD helped coordinate the Queen's Baton Relay Public Welcome Event in Stirling Square, Guildford.

**Great Southern Development Commission, Stirling Range
National Park (SRNP) Visitor Centre Feasibility Project, 2004**

NBD managed a team of consultants to develop a feasibility study for a sustainable Visitor Centre in SRNP including significant Indigenous community participation. NBD completed the market research, Indigenous community consultations and Indigenous enterprise and training development and interpretation components of the project.

Swan Bells Project, Tourism WA, 1999

Jenny coordinated consultants to design and implement the Swan Bells project.

Department of Commerce and Trade, Celebrate the Regions, WA Week Event, 1995

Coordinated the media, sponsorship and promotion of "Celebrate the Regions", a series of state wide events to coincide with WA Week.

Other similar projects

RAC WA, Travelling Centenary Exhibition, Design and Production, 2004-2005
